Arlington Heights Restaurants May Now Sell Pre-Packaged Liquor

Earlier today, Mayor Hayes signed an Order of the Local Liquor Commissioner to allow restaurants to sell spirits in their original container along with a food order. In summary, the order states:

1. Alcoholic beverages may be sold only with food orders at curbside pick-up, in-restaurant pick-up, and for delivery.
2. The sale of alcoholic beverages may occur only during the liquor sale hours for the licensed premises as set forth in Section 13-503 of the Arlington Heights Municipal Code.
3. Prior to delivery of any alcoholic beverages by any method, proof of age of the recipient must be verified by the person delivering the alcoholic beverages. As required by Section 13-607 of the Arlington Heights Municipal Code, the individual delivering the alcoholic beverages must be at least 19 years old.
4. Alcoholic beverages may only be delivered in manufacturer's sealed packages **in their original container** (e.g. bottles, cans, boxes). No to-go cups or any kind of unsealed package may be sold.

These allowances are in-line with State allowances for liquor sales by restaurants. For a complete copy of the order, please see attached.
