

RE: Village of Arlington Heights Green Electric Aggregation Program
ComEd Service Address:

GREEN ELECTRIC AGGREGATION NOTICE

Dear Resident or Small Business Owner:

The Village of Arlington Heights is continuing our Green Electric Aggregation program. Following the passage of a March 2012 voter referendum, which authorized the Village to adopt aggregation programs, the Village has procured electric supply in bulk for residents and small businesses when viable. In September, MC Squared Energy Services, LLC (mc²), was selected in a competitive bid process to serve the Village with electric supply and Renewable Energy Certificates (RECs). The Village received 100% RECs for eligible accounts and received a civic contribution to be applied towards green projects in the Village at no cost to the residents or the Village. mc² will provide eligible residents and small businesses with an electric supply price equal to the ComEd rate for a 36-month term beginning with the December 2020 ComEd meter read cycle. Through this program, the Village will be designated an EPA Green Power Community at no added cost to residents or the Village.

YOU WILL BE AUTOMATICALLY ENROLLED IN THIS PROGRAM UNLESS YOU OPT OUT.

- You are **still** a ComEd customer for distribution purposes and will pay ComEd in the same manner as you currently do.
- You will pay the ComEd rate. MC Squared Energy Services, LLC does not cost more than the ComEd rate. In this program, your electric rate will be the ComEd rate.
- ComEd continues to be responsible for wires, poles, and all emergencies, including outage restoration.

You are not required to do anything to participate in the Green Electric Aggregation Program. mc² will automatically process your enrollment. You will pay the same rate as the published monthly ComEd rate. There are no enrollment fees or early termination fees.

Opt Out Option: You have twenty-one (21) days from the date of this notice to opt out by calling 833-748-0914, Monday through Friday, 8 am to 5 pm, or returning the enclosed postage-prepaid card by **November 3, 2020**. Due to recent US Postal Service delays, consider calling toll-free 833-748-0914 or emailing ArlingtonHeights@mc2energyservices.com to opt out.

If you do not opt out of the Village's Green Electric Aggregation Program, you will be deemed to have authorized and agreed to your enrollment in the electric aggregation program, and to have your electricity service with mc² under the enclosed Terms and Conditions and the Uniform Disclosure Statement. For information on the ComEd tariff rate, please visit www.pluginillinois.org, the Illinois Commerce Commission website for free consumer information. You may purchase electric supply from other Retail Electricity Suppliers or ComEd. For a complete list of your options, visit pluginillinois.org. You may request a list of all supply options available in a format allowing comparison of price and product from the Illinois Power Agency free of charge at illinois.gov/ipa/Pages/Feedback_Form.aspx.

Account holder's initials: _____ Date: _____

Billing and Service: Your billing and service will remain the same. You will continue to receive a monthly invoice from ComEd. ComEd continues to be responsible for wires, poles, and all emergencies, including outage restoration.

For more information, email ArlingtonHeights@mc2energyservices.com or call 833-748-0914, Monday through Friday, 8 am to 5 pm. Please beware: any solicitor who visits or calls, requesting you to switch to a supplier, is not associated with the Village, mc² or ComEd. MC Squared Energy Services, LLC (mc²) is the only vendor endorsed by the Village; no other supplier has been endorsed by the Village.

Sincerely,

Randall R. Recklaus
Village Manager
