

RE: Village of Arlington Heights Green Electric Aggregation Program
ComEd Service Address:

INFORMATIONAL CONTENT ONLY: NO ACTION REQUIRED

Dear Resident or Small Business Owner:

The Village of Arlington Heights is continuing our Green Electric Aggregation program. Following the passage of a March 2012 voter referendum, which authorized the Village to adopt aggregation programs, the Village has procured electric supply in bulk for residents and small businesses when viable. MC Squared Energy Services, LLC (mc²), was selected in a competitive bid process to serve the Village with electric supply and Renewable Energy Certificates (RECs). mc² will provide eligible residents and small businesses with an electric supply price equal to the ComEd rate for a 36-month term beginning with the December 2020 ComEd meter read cycle.

Through this program, the Village will be designated an EPA Green Power Community at no added cost to residents or the Village.

Your account will not be switched unless you opt in. You will remain a ComEd customer. This notice is informational only. Your electric supply service will remain with ComEd and your electric rate will remain at ComEd's rate. Although your supply service will continue to be provided by ComEd, you are yet considered a participant in the program as RECs will be acquired on behalf of the Village, based on your historical electric consumption. One of the benefits of the program is that you do not need to receive electric supply from mc² to be counted in the Village's Green Electric Aggregation Program. Regardless of who supplies your energy, every participating customer will pay the same rate as the published monthly ComEd rate.

You may purchase electric supply from other Retail Electricity Suppliers or ComEd. For a complete list of your options, visit www.pluginillinois.org. You may also request a list of all supply options available in a format allowing comparison of price and product from the Illinois Power Agency free of charge at www.illinois.gov/ipa/Pages/Feedback_Form.aspx.

For more information, email ArlingtonHeights@mc2energyservices.com or call 833-748-0914, Monday through Friday, 8 am to 5 pm. We encourage you to contact mc² first before contacting the Village with any questions. Please beware: any solicitor who visits or calls, asking you to switch to a supplier, is not associated with the Village, mc² or ComEd.

Sincerely,

Randall R. Recklaus
Village Manager
